A Big Thank You to the Home School Teachers

Important members of our ODC Dance Education family are our home school teachers. These are the teachers who have ODC dancers in their classroom. These teachers take the time to make sure our dancers have all the work that was missed while they were attending ODC. This is definitely extra work for already hard working teachers.

Home School Teachers,

You are an incredible support system for our dancers and for arts education. We are so grateful for you all and all that you do.
